Like I mentioned before, and Wolfie's exposed documentation I dated pixelmations when I was 18 and she was 16. The reason why I dated pixel was because I gained feelings for her such as being caring towards her and as well being kind and so much more.

No inappropriate things took in place. We only said that we love each other and that we care for one another. (Basic relationship stuff). A lot of people told me that dating a 16 year old while being 18 is bad which I can agree on.

I did talk to my parents about this and yes they did agree and disagreed at the same time since she was turning 17 and I barely turned 18. But it was bad due to our age.

Besides this topic, I wanted to mention my personality and how I am online such as being in vcs, and being generally on discord. I have a weird type of personality when it comes to online. I act Gay, suspicious, and so on. The reason why I act this way and there's no other way-

to put it is because SOME people find it funny and to me I thought that's the way to fit inside the MC Community or discord itself. I get some people that met me (2020-2021) heard a lot of accusations such as cheating, and other things that I have forgotten. Yes they were true.

I was 14 or 16 around the time. I can't say this for everyone else but I know that most of us have done sh't in the past that we regretted of doing. Such as saying the n word, cheated, said stuff behind someone's back, etc. and I regret it too and most of you won't believe it.

I won't bring up anyone's name within this situation because I don't want anyone to attack them because of me. But I know that a few people and some as well that I'm a different person offline. Someone that's not acting gay, or saying bad stuff.

I was raised right but as well been taught wrong. I don't blame anyone but I blame myself for being this way. I do apologize for everyone who've I offended, hurt, and as well got uncomfortable around me. (While I was saying the n word here and there and saying bad stuff)-

but I don't want seem like I'm playing the victim card or seeming to plead, etc. I know I said a bunch of times that I was going to leave the community but what do I do? I come back. But in this point on I don't think there's a choice anymore.

I do agree I do need help onto my personality, needing to improve myself more and to actually behaving like an adult. Again I do apologize to every single person on here that knew me when I was "MidnightSky". But as well thank you for some people who stuck by me.
